DESCRIPTION

The lunch bag is made of insulated material that can keep food and drinks cool or warm for hours. The interior lining is made of food grade PEVA foil so you can put your food into the bag directly without any worry. The maximum capacity of lunchbox is 8.5L, and is spacious enough to store 14 cans of coke (330ml), or your lunch such as sandwiches, salad, snacks, drinks, fruits, and so on. It is suitable for office, work, picnic, beach, and trip. The lid of this cooler lunch bag can be opened up widely with strong two-way zippers, which means you can put your lunch container into the bag and take out of the bag vertically. Prevent liquids from leaking out of the container and soiling inside the bag. Tough handles and shoulder girdle allow you to carry it easily. Moreover, the front zippered and side extra pockets can hold small items like keys and earbuds. The product supports customization and embroidery. Two sided imprint area can display your message for brand building opportunities.
