DESCRIPTION

This six-panel baseball cap is made of 100% low-elasticity quick-dry fabric. The structured front panel offers a large blank area ideal for logo placement, and there is also space on the sides for additional logo display. The adjustable hook-and-loop closure ensures a comfortable fit, while the breathable mesh panels promote airflow, accelerating the exchange of moisture and heat to keep your head dry and cool in hot weather or during outdoor activities. With its simple design and quality materials, this cap is perfect for everyday use. Ideal for sports, running, golf, cycling, construction work, baseball, hiking, football, or fishing by the lake. We also support small-batch color customization.
