DESCRIPTION

This 10' x 15' hexagonal aluminum frame full-color canopy tent is constructed from lightweight, strong anodized aluminum with high-strength ABS nylon joints for added stability. The top and back wall are made from 600-denier polyurethane-coated polyester that is UV protected, water resistant, and fire retardant, featuring full-color dye sublimation printing. Double stitching and heat-sealed seams enhance durability and prevent water penetration. Hexagon-shaped legs include telescopic, pinch-free levers for easy height adjustment, while hook-and-loop fasteners allow quick and secure attachment of tops and walls. Included spike and rope kits provide added stability, and the premium wheeled carry bag allows convenient transport and storage of the entire tent and accessories.
