DESCRIPTION

Crafted from premium 4mm thick stretch neoprene with reinforced stitching, this reusable coffee sleeve is durable, flexible, and designed for everyday use. Available in three sizes, the Small fits most 16–20 oz cups, the Medium fits 22–28 oz cups, and the Large accommodates 30–32 oz cups from popular coffee brands. The insulated neoprene helps keep beverages colder for longer while reducing condensation, keeping hands dry, comfortable, and free from moisture. Lightweight and highly stretchable, it easily slides onto cups and folds flat for compact storage in a purse, backpack, tote, or glove compartment, making it perfect for commuting, travel, and daily coffee runs. As a reusable alternative to disposable sleeves and napkins, it helps reduce waste while providing long-lasting value. Easy to clean with simple hand washing, it is available with vibrant full-color custom imprinting, making it an excellent promotional giveaway, corporate branding item, or coffee shop accessory.
