DESCRIPTION

Unlock instant surface space and portable seating anywhere with a brilliant, space-saving hospitality set engineered for rapid deployment. This masterfully integrated duo includes one folding table and a matching high-tensile retractable stool, delivering a complete, robust station for dining, product displays, or fieldwork. Molded from premium, lightweight plastic, the components are exceptionally easy to handle without sacrificing structural stability. The real genius lies in the self-contained design: the table folds completely in half to transform into a sleek, briefcase-style carrying case with an integrated handle, while the collapsed stool fits securely inside the interior cavity. This integrated system eliminates loose parts and minimizes storage footprints during transport. It stands as a high-utility asset for trade show exhibitors, remote field service crews, tailgating events, and corporate outdoor retreats.
