DESCRIPTION

This 5-panel baseball cap is made of quick-dry and breathable polyester fabric with a simple design. It effectively blocks UV rays and offers protection against light rain. The laser-perforated side and back panels, along with the lightweight material, keep your head cool and non-stuffy, while the built-in moisture-wicking sweatband prevents sweat from dripping into your eyes. The classic five-panel structured crown provides ample space for brand logo display. This stylish cap also makes a great gift for family and friends during festivals. We also support personalized customization of fabric, color, size, and logo techniques.
