

Low-Stretch Quick-Dry Running Cap With Side Semi-Perforation

SKU RIV-341936

JOYFLOW

Product information

2026-09-19

DESCRIPTION

The cap body is made of a slightly stretchable, water-repellent fabric that naturally conforms to your head shape. Breathable eyelets on both sides effectively accelerate the release of moisture and heat, keeping your head dry and cool during hot weather or outdoor activities. The water-repellent finish allows you to move freely in damp conditions or light rain. This cap is suitable for a variety of scenarios including running, golf, fitness, tennis, daily walks, and travel. The front and side panels are ideal for custom logos. We support small-batch color customization with flexible minimum order quantities.
