DESCRIPTION

This SEG (silicone edge graphics) backlit trade show booth display provides a professional display solution for trade shows, exhibitions, and promotional environments. Designed for tool-free assembly, the system features a lightweight yet durable aluminum alloy frame for quick setup and reliable stability. It includes full-color dye-sublimated backlit fabric graphics that deliver vibrant, high-resolution visuals, while the flame-retardant fabric helps meet common safety requirements for event venues. Integrated LED lighting provides even backlit illumination to enhance graphic visibility across the booth space. Each display also includes a wheeled carrying case for convenient transport and storage. This all-in-one display system is suitable for trade shows, retail displays, and corporate events, offering a clean and professional way to present brand messaging.
