DESCRIPTION

Our 48-pound umbrella base offers reliable support for your patio umbrella. Constructed from high-density resin and a galvanized, rust-resistant steel pipe, it’s designed to withstand the elements and provide stable sun protection. This umbrella base fits most 6–10 ft umbrellas and accommodates pole diameters from 1.5" (38 mm) to 1.9" (48 mm), providing a secure and stable foundation. The corrosion-resistant steel pipe ensures long-lasting durability, keeping your umbrella securely upright without tilting. Easy to assemble with included instructions, there's no need to fill with water or sand. The adjustable pole holder accommodates a variety of umbrella sizes, making it ideal for patios, decks, yards, gardens, porches, balconies, swimming pools, outdoor cafes, restaurants, and more.
